Be Green! Recycle your fall leaves and holiday trees

Leaves: Bag in <u>paper</u> lawn bags and place at least two feet away from polycarts on your trash day. This service is offered year-round.

Trees: Remove all stands, lights, and decorations and place at least two feet away from polycarts on your trash day from **Dec. 27 - Jan. 7**. Flocked trees **cannot** be accepted in this program.

Can't wait for pickup?

Take it to the Custer Road Transfer Station and Wood Grinding Facility

- 9901 Custer Road, Plano, TX 75025; Phone: 972.727.6341
- Open Monday- Friday 8:00 am- 4:30 pm
- Current driver's license and water bill required
- Up to 2 drop-offs available monthly at both the Transfer Station and Wood Grinding Facility For more information visit www.cityofallen.org/departments/community_svcs/trash_recycling/ or call 214-509-4551.

All yard trimmings and clean wood collected curb-side or dropped off at the Custer Road Facility is used to produce compost, topdressing, soil blend, and mulch. Visit www.texaspureproducts.com to learn more.

Don't let the Grease Menace* get in the sewer!

Avoid placing fats, oils and grease down the drain or toilet. Even when flushed with hot water, it eventually cools and clings to the sides of your sewer pipes causing clogs and backups. Repairs can be costly to the homeowner! Use plastic or other containers with lids to properly dispose of cooled fats, oils and grease in your trash cart.
