<i>10-6-2020 The permit was coded incorrectly from the beginning that caused the required inspections to be incorrect as I attempt to explain to the permit staff today. The pool is a in-ground pool NOT an above ground pool as coded. The inspection that is needed is a deck and bond to inspect the deck and bond NOT the Electrical Final at this time. The pool as set up is wrong and is placed in the 3 foot drainage easement as I left on the red tag today after Buddy approved a partial pass in error. I could not get anyone to understand up front so hopefully it get resolved correctly.</i>
